Evaluation scale	
Exceptionally Well	Performance far exceeds the established standards and expectations in every area. Consistently delivers exceptional results that have a significant positive impact.
Exceeds Expectations	Performance surpasses the established standards and expectations in most areas. Regularly contributes above and beyond the normal scope of duties.
Meets Expectations	Performance meets the established standards and expectations for the role. Delivers steady and reliable output and fulfils responsibilities as expected.
Needs Improvement	Performance meets some but not all of the established standards and expectations. Areas for improvement are identified, and development is needed.
Unsatisfactory	Performance does not meet the established standards and expectations.
